177 Huntington Ave, FL 22, Boston, MA 02115

EDUCATION

Northeastern University Sept. 2021 - Aug. 2026 (Expected)
Ph.D. Student, Computer and Information Sciences *Boston, MA*

- Advisor: Prof. Huaizu Jiang
- Research Interests: Visual Compositional/Cognitive Reasoning, Egocentric Vision, Machine Learning

ShanghaiTech University Sept. 2017 - July 2021
B.E., Computer Science and Technology *Shanghai, China*

- Advisors: Prof. David J. Crandall (Indiana University), Prof. Haipeng Zhang

RESEARCH EXPERIENCE

Visual Intelligence Lab, Northeastern University Sept. 2021 - Present
Research Assistant (Advisor: Huaizu Jiang) *Boston, MA*

- Exploring visual models' induction capability by few-shot learning and compositional reasoning of novel concepts
- Learning novel concepts contrastively by modeling them using synthetic images and graphs
- Transferring lessons learnt from synthetic data to real world settings for better human-object relation representation

IU Computer Vision Lab, Indiana University July 2020 - June 2021
Remote Research Intern (Advisor: Prof. David J. Crandall) *Bloomington, IN*

- Focused on recognizing human actions in videos captured from *egocentric cameras* (e.g., google glass)
- Discovered how action-object associations in datasets influence the generalization ability of action recognition models
- Trained a *graph convolutional neural network* to model the positions and sizes of hands and objects in the videos

Financial Intelligence Lab, ShanghaiTech University Mar. 2020 - June 2021
Undergraduate Research Assistant (Advisor: Prof. Haipeng Zhang) *Shanghai, China*

- Investigated general rules of human *Venture Capital* (VC) investment behavior
- Discovered the influencing factors of VC investment behavior, e.g., focus level, academic achievements, etc.
- Constructed a *mathematical model* to simulate human choice and consequence outcomes by *Maximum Likelihood Estimation* (MLE), using large-scale data from *PitchBook Data, Inc.*

Mobile Autonomous Robotic Systems Lab (MARS Lab) Sept. 2018 - Jan. 2020
Undergraduate Research Assistant (Advisor: Prof. Sören Schwertfeger) *Shanghai, China*

- Built a mapping/SLAM robot with super-precise timing and localization with hardware synchronization
- Designed a *printed circuit board* (PCB) mounted on a field robotics research platform to produce synchronized signal for all sensors (e.g., IMUs and lidars) and reduce noise of trigger signal
- Generated three high-resolution and sensor-dense datasets to evaluate the performance of SLAM algorithms

PUBLICATIONS

Action Recognition based on Cross-Situational Action-object Statistics

- Tsutsui, Satoshi, Wang, Xizi, **Weng, Guangyuan**, Zhang, Yayun, Crandall, David, Yu, Chen
- *12th IEEE International Conference on Development and Learning* (ICDL 2022)

Advanced Mapping Robot and High-Resolution Dataset

- Chen, H., Yang, Z., Zhao, X., **Weng, G.**, Wan, H., Luo, J., Ye, X., Zhao, Z., He, Z., Dong, T., Schwertfeger, S.
- *Journal of Robotics and Autonomous Systems*

Towards Generation and Evaluation of Comprehensive Mapping Robot Datasets

- Chen, H., Zhao, X., Luo, J., Yang, Z., Zhao, Z., Wan, H., Ye, X., **Weng, G.**, He, Z., Dong, T., Schwertfeger S.
- Workshop on Dataset Generation and Benchmarking of SLAM Algorithms for Robotics and VR/AR of the *2019 IEEE International Conference on Robotics and Automation (ICRAW 2019)*

ACTIVITIES

CS5330 Pattern Recognition and Computer Vision (21 Fall, 22 Fall)	Sept. 2022
Teaching Assistant	<i>Boston, MA</i>
Upenn Curiosity AI Robotics and Smart Material Summer Camp	Aug. 2019
Teaching Assistant supervised by Prof. Jianbo Shi, GRASP Lab, University of Pennsylvania	<i>Shanghai, China</i>
2018 IEEE ComSoc Summer School on Fog Computing	June 2018
IEEE ComSoc, OpenFog Consortium	<i>Shanghai, China</i>

HONORS

ShanghaiTech Merit Students (2019-2020, Top 5%)	Dec. 2020
ShanghaiTech University	
ShanghaiTech Scholarship for Outstanding Undergraduate Students (RMB 30,000)	Dec. 2020
ShanghaiTech University	
Global Talent Attraction Program, International Summer Research Fellowship (\$ 4,000)	Feb. 2020
Indiana University Bloomington	

SKILLS

Languages	Chinese (Native), English (TOEFL-iBT 112)
Computer Languages	Python, C++, C, Rust, MATLAB, AWK
Protocols & APIs	PyTorch, ROS, Processing (Java), \LaTeX
